

# Society of Fire Protection Engineers

Central Ohio Chapter

## Meeting Announcement

**Date:** January 13, 2016

**Location:** The Fawcett Center - 2400 Olentangy River Road, Columbus, Ohio 43210

**Speaker:** **Jeff Kochelek**  
**CEO Engineered Corrosion Solutions**

**Topic:** **Managing Corrosion Risk in Water Based Fire Sprinkler Systems**

This presentation discusses the background issues regarding corrosion in fire sprinkler systems, including different types of corrosion, factors that accelerate corrosion, and risks associated with failures. Also discussed are the benefits and practical application of using Nitrogen Gas to inert Wet and Dry Pipe Fire Sprinkler Systems to prevent and manage internal corrosion. Under a nitrogen atmosphere, oxygen corrosion, which is the primary cause of corrosion related failures in sprinkler systems, can be completely controlled resulting in reduced risk (life safety, leak and business continuity), enhanced performance, and extended life of the fire sprinkler system.

**Time:** Registration 11:15 – 11:30 am  
Lunch at 11:30 am  
Program 12:15 pm

**Cost:** \$20.00 (Members)  
\$25.00 (Non-members)

The One-Pay option is back for this year. You can pay a single/one time fee and receive **ALL** the regular scheduled chapter meetings (5) and your local membership dues all for **ONLY \$98.00**. This is a savings of \$22 for the year. You must pay the full \$98.00 with the membership application or renewal to take advantage of this program.

**Reservations Deadline: Friday January 8, 2016 – 4 P.M.**

**This meeting is covered by those who have paid the One-Pay option.**
